

Dear Friends of Trient Press,

Hope you are doing well! Here is a quick update from the last month at the company.

Main Updates

- **Traction:** We expect to close on the Reno, location by end of September. That will now be referred to as our World Hq not just Hq. In addition we are pleased to announce the additions to the Turkish Markets. As the foundation of the company is not yet open, we are only showing marginal traction with the in-house authors. Using a book expo that will be held in August then one we are sponsoring in October, to gain both new customers and authors.
- **New Customers:** With the addition of Trient Events we are seeing an increase of authors interested in working with us in the future. Many of which have been featured as either Amazon Best sellers or International Best Sellers. We will be opening up to submissions from our Turkish authors within the next 60 days.
- **Burn & Runway:** Still projecting cash runway until 90-120 days after the factory opens assuming base case revenue growth.
- **Stocks:** Trient Press is now **PRE-IPO**. Private stocks (baby stocks) can be obtained via www.trient-press.com our new corporate website for a limited time. For stocks over \$100k investments they are quietly held at <https://forgeglobal.com/> and by a private broker whom we can introduce you to. The approved stock ticker will be TLMP which is the same as our new crypto token.
- **Team:** We are now 55+ authors strong after acquiring 30 from a closing publishing house. Their information will be updated on our websites shortly. We have solidified partnership with Fred Lewis of the hit t.v show "Gold Rush" and we are working with others from "Gold Rush" and other Discovery channel shows as well.

- **About our CEO:** Melisa now sits on the advisory board of five other companies including AAA Hydrovack, USA Facemask, K9 X-Factor, DHI, and an Undisclosed Boutique Brokerage Firm (Under NDA the name cannot be disclosed).

Q3 Priorities

- Getting the factory fully open.
- Factory Address will be announced
